STATUTORY AUDITORS, THEIR REPORT AND NOTES TO FINANCIAL STATEMENTS

In the 21st Annual General Meeting held on 29th September, 2014, M/s. A.K Jalan & Associates, Chartered Accountants, New Delhi (FRN 500107N) had been appointed as Statutory Auditors of the Company for a period of three(3) years subject to ratification at every Annual General Meeting. Their term of office, as per the provisions of Section 139 of the Companies Act, 2013 and rules made there under, will expire at the conclusion of forthcoming Annual General Meeting.

Therefore, in line with the recommendation of Audit Committee and subject to the approval of shareholders at ensuing Annual General Meeting (AGM) of the Company, the board of directors in its meeting held on August 23, 2017 has proposed the appointment of M/s. Singhi & Co, Chartered Accountants, (Firm Registration Number: 302049E), as Statutory Auditors of the Company, in place of retiring auditors M/s A. K. Jalan & Associates, Chartered Accountants, (Registration No. 500107N), to hold the office from the conclusion of this 24th Annual General Meeting (AGM) until the conclusion of 29th Annual General Meeting, subject to ratification by members at every AGM.

The report of the Statutory Auditors along with Notes on Standalone Financial Statements for the year ended March 31, 2017 is enclosed with this report, which is self explanatory and do not call for any further comments. There is qualified opinion in Audit Report, the basis of which is as follows:

The Company has accumulated losses and its net worth has been fully eroded. The Company's current liabilities exceeded its current assets as at the balance sheet date and business of the Company has remained suspended for major part of the financial year, and also the Company incurred net loss during the current and previous year(s) affecting the going concern assumptions. Appropriateness of the assumption of 'going concern' is dependent upon Company's ability to raise sufficient resources/ generate cash flows in future to meet its obligations.

Management of the company has, though, expressed positive hope in this regard as necessary funds required for up-gradation/renovation of plant have been infused during the FY by them and phase I of the process has completed and part of the plant facility has started yielding revenue during last quarter and, therefore, the financial statements of the Company have been prepared on a going concern basis.

Further, during the year, the Auditors' has not reported any fraud u/s 143(12) of the Companies Act, 2013 and rules made there under.

SECRETARIAL AUDITOR

In terms of Section 204 of the Companies Act, 2013 and Rules made there under, M/s. Chandrasekaran Associates, Practicing Company Secretaries, New Delhi has been appointed as Secretarial Auditors of the Company for the financial year 2016-17.

The report of the Secretarial Auditors for the year ended March 31, 2017 is enclosed as Annexure-III to this report. The report is self-explanatory and do not call for any further comments.

INTERNAL FINANCIAL CONTROLS

The internal financial controls with reference to the Financial Statements are commensurate with the size and nature of business of the Company. Your Company continuously invests in strengthening the internal control processes and systems. The internal control process and systems provide a reasonable assurance in respect of providing financial and operational information, complying with applicable statutes, safeguarding of assets of the Company and ensuring compliance with corporate policies. Procedures to ensure conformance with the policies, processes and standards have been put in place covering all activities.

The processes and financial activities are subjected to independent audits by internal as well as statutory auditors. Implementations of recommendations from various audit reports are regularly monitored by the senior management. The Board of directors of the Company have also appointed an Internal Auditor, Sh. MANAGEMENT DISCUSSION AND ANALYSIS REPORT**INDUSTRY STRUCTURE AND DEVELOPMENTS****Global Economy**

Global economic growth in 2016 is estimated at 3.1% down from 3.4% in 2015 with advanced economies decline from 2.1% in 2015 to 1.7% in 2016 and emerging economies from 4.2% in 2015 to 4.1% in 2016. However, from second half of 2016, global economy gained some momentum especially in advanced economies due to recovery in investment, manufacturing and trade. These include resumption in global demand, strengthening of commodity prices lifting global inflation, reducing deflationary pressures and positive developments in financial markets. Stronger than expected pickup in growth in advanced economies in latter part of 2016 reflects projected cyclical recovery in global manufacturing and uptick in business confidence especially after the United States elections.

Global Pharma Market:

Although the life sciences sector operates around the issues relating to cost and pricing, clinical and operational innovation, customer and consumer engagement and regulatory compliance, it is expected to have sales growth for the next several years due to favorable demographic trends and significant unmet medical needs. The global pharmaceutical sales grew by around 7% in the year 2016 compared to the year 2015 and key growth drivers continue to be shift towards use of generic medicines accompanied by patent expiries mainly in the regulated market and higher growth in Pharmerging markets. During 2016, share of United States, Europe and Emerging markets in global pharmaceutical sales remained relatively static compared to 2015.

R&D -During the 2008-2015 period, the compound annual growth rate of global R&D spending was 1.7%; during the 2016-2022 period, the rate will grow at 2.8%. The year-over-year increase, however, will remain around 3%, versus some dramatic jumps seen in 2013, 2014 and 2015.

The global spending on medicines is forecasted to reach close to US\$ 1.5 trillion by 2021, an increase of about 33% over the 2016 level, growing at 4 to 7% only slightly slower than 6.2% growth over prior five years. Developed market spending growth will be driven by original brands and innovation in specialty medicines while Pharmerging markets will continue to be driven by off patent generic products. Innovation in specialty medicines will continue lifting the share of global spending from 30% in 2016 to 35% in 2021 driven by the adoption of new breakthrough medicines.

Domestic Pharmaceuticals Market

India is the largest provider of generic drugs globally with the Indian generics accounting for 20% of the global exports in terms of volume. Branded generics dominate the Indian pharmaceuticals market, constituting nearly 70 to 80% of the market. Of late, consolidation has become an important characteristic of the Indian Pharmaceutical Market (IPM) as the industry is highly fragmented. By 2021, India is likely to be the 9th largest market globally in absolute size. India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers who have the potential to steer the industry ahead to an even higher level.

The Indian pharmaceuticals market is valued at Rs. 1,11,134 crores in March 17 MAT (Moving Annual Total) by All India Organisation of Chemists and Druggists (AIOCD) with growth of 10% over the same period last year. The key therapies are chronic and sub-chronic segments like Cardiac, CNS, Gastro-intestinal, VMN, Anti-diabetic, Respiratory, Pain and Dermatology, which will continue to contribute in growth.

OPPORTUNITIES AND CHALLENGES

India is the largest exporter of formulations with 14% market share and ranks 12th in the world in terms of export value. Double-digit growth is expected over the next five years. The purported rise of lifestyle diseases in India is expected to boost industry sales figures. Over USD 200 Billion is expected to be spent on medical infrastructure in the next decade. The Union Cabinet has given its nod for the amendment of the existing Foreign Direct Investment (FDI) policy in the pharmaceutical sector in order to allow FDI up to 100 per cent under the automatic route for manufacturing of medical devices subject to certain conditions.

The drugs and pharmaceuticals sector attracted cumulative FDI inflows worth US\$ 14.71 billion between April 2000 and March 2017, according to data released by the Department of Industrial Policy and Promotion (DIPP).

One of the key challenges in this sector is the price control on medicines introduced by the Government where the prices and margins are monitored very closely. The main concern is to develop new medicines that can prevent or cure currently incurable diseases. There is also stiff competition from generic medicine producers from other developing nations.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The Company has received GMP certificate on Form 25 & 28 dated 25-07-2017 for manufacturing for sale or distribution of Bulk Drugs (APIs) formulations, under the provisions of Schedule 'M' of Drugs & Cosmetic Rules, 1945.

During the year under review, contract manufacturing on loan license & job work basis continued, and practices for manufacturing, Research & Development (R&D) segment of the organization, were followed at the plant located at Village Bhondsi, Tehsil Sohna, Distt. Gurgaon, Haryana -122102.

OUTLOOK

The Company has commenced building new formulations and APIs manufacturing facility and the capacities are built in anticipation of demands.

Government Initiatives:

The Government of India unveiled 'Pharma Vision 2020' aimed at making India a global leader in end-to-end drug manufacture. Approval time for new facilities has been reduced to boost investments.

The government introduced mechanisms such as the Drug Price Control Order and the National Pharmaceutical Pricing Authority to deal with the issue of affordability and availability of medicines.

Union Minister of Chemicals and Petrochemicals, has announced setting up of chemical hubs across the country, early environment clearances in existing clusters, adequate infrastructure, and establishment of a Central Institute of Chemical Engineering and Technology.

GST is effective from 01st July, 2017, and would merge all significant taxes currently applicable to the Company's business operations (except taxes relating to profit/income) into a single tax. While this is expected to bring in greater transparency across all the economic activities and reduce multiple tax levies and administration, there is likely to be a significant short-term impact on the operations of the Company, on account of lack of clarity and differences in interpretations by various stakeholders.

RISKS AND CONCERNS

Currency fluctuation risks: Currency risks mainly arise out of overseas operations and financing activities. Exchange rate fluctuations could significantly impact earnings and net equity because of invoicing in foreign currencies, expenditure in foreign currencies, foreign currency borrowings and translation of financial statements of overseas subsidiaries into Indian rupees. The Company has a defined foreign exchange risk management framework to manage these risks excluding translation risks.

New technologies' impact on pharma: An ongoing issue for the pharmaceutical industry is how new technologies, particularly digital-related technologies, will impact drug development and commercialization. The Company reports emerging technologies in healthcare as a whole, such as artificial intelligence, 3D printing and their impacts on business models, operations, workforce needs and cyber security risks as well as the positive impact of a digitized supply chain in reducing manufacturing costs.

Slowing growth in emerging markets: Emerging markets have been a strong contributor to overall pharmaceutical industry growth, but lower economic growth in emerging markets is resulting in slower growth in pharmaceutical industry growth in those markets. Leading pharmerging markets, defined by QuintilesIMS as low-income countries with high pharmaceutical growth, have seen real growth in gross domestic product slow from 1-4 percentage points over the past decade, according to the firm's study. This has triggered a corresponding reduction in medicine volume growth, from an average of 7% annually over the past five years to 4% forecast through 2021. China, in particular, will see a decline in annual volume growth from 17% to 4% over the same period. Overall, volume growth continues to be driven by non-original products (i.e., generics) that account for 91% of the volume in pharmerging markets. The outlook for spending growth across these markets is expected to moderate from 10% CAGR over the past five years to 6% to 9% through 2021.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company's internal control framework is designed specifically to ensure effectiveness and efficiency of operations, reliability of financial reporting and compliance of laws and regulations. A proper and extensive system of internal control is practiced by the Company, to ensure that all its assets are safeguarded and protected, and that transactions are authorized, recorded and reported properly.

Internal Audit and control system evaluates adequacy of internal controls, adherence of processes and procedures, compliances of regulatory & legal requirements. The Internal Audit programme is periodically reviewed by Audit Committee in order to keep preventive checks on compliance risks. The Company is also following procedures in all its departments with special emphasis on manufacturing and quality assurance activities.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The job work done by the company for the year 2016-17 is Rs. 14.60 Lacs in comparison to the year 2015-16 which was Rs. 19.21 Lacs.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

In the context of people employed, there have been no significant changes in workforce employed during the financial year 2016-17 as compared to the previous year. INDEPENDENT AUDITOR'S REPORT

To

**The Members,
M/s Laurel Organics Limited**

Report on the Financial Statements

We have audited the accompanying financial statements of M/s LAUREL ORGANICS LTD which comprise the Balance Sheet as at 31/03/2017, Statement of Profit and Loss and the Cash Flow Statement for the year ended on that date, and a summary of significant accounting policies and other explanatory information.

Management Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Financial Statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Financial Statements.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Basis for Qualified Opinion

The Company has accumulated losses and its net worth has been fully eroded. The Company's current liabilities exceeded its current assets as at the balance sheet date, business of the Company has remained suspended for major part of the financial year, and also the Company incurred net loss during the current and previous year(s) affecting the going concern assumptions. Appropriateness of the assumption of 'going concern' is dependent upon Company's ability to raise sufficient resources/ generate cash flows in future to meet its obligations. Management of the company has, though, expressed positive hope in this regard as necessary funds required for upgradation/renovation of plant have been infused during the FY by them and phase I of the process has completed and part of the plant facility has started yielding revenue during last quarter and , therefore, the financial statements of the Company have been prepared on a going concern basis.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In case of the Balance Sheet, of the state of affairs of the Company as at 31/03/2017;
- (b) In case Statement of Profit and Loss Account, Loss of the for the year ended on that date;
- (c) In the case of Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure-I a statement on the matters specified in the paragraphs 3 and 4 of the said Order.
2. As required by section 143(3) of the Act, we further report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The balance sheet, the statement of profit and loss and the cash flow statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph;
 - (e) In our opinion, though the matter described in the basis of qualified opinion above has potential adverse effect on the functioning of the Company in future, the changed management and Board of Directors, which has already taken place and ownership change process is under way, has expressed their belief that this matter will not have adverse effect on the functioning of the Company in view of positive steps being undertaken to comply with all obligations, past as well as future, and also step-up operations in coming future.
 - (f) On the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Companies Act, 2013.

ANNEXURE-II

Annexure referred to in Paragraph [2(f)] under Report on Other Legal and Regulatory Requirements of our Report of even date to the members of LAUREL ORGANICS LTD on the accounts for the year ended 31st March 2017.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have examined the internal financial controls over financial reporting of M/s LAUREL ORGANICS LTD ('the Company') as on 31-Mar-2017 in connection with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note 168 require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31-Mar-2017.
