

### Company Brief profile

Kimia was incorporated in September 1993 in district Gurgaon, Haryana (India), situated at about 20 miles distance from Indira Gandhi International Airport, New Delhi. The state of the art manufacturing facility is situated in over 5.8 acres of land.

Kimia Biosciences Limited is a prestigious company engaged in manufacturing wide range of APIs addressing to high potential therapeutic segments such as Anti-Hypertensive, Anti-Diabetic, Anti-Inflammatory, Antiemetic, Gastro-Intestinal Agent, Calcium Channel Blocker etc.

Our core expertise lies in manufacturing Active pharmaceutical ingredients and Advance Intermediates for India and Overseas markets.

Our vision is” To be a leading pharmaceutical company with a global reach, constantly delivering cost-effective World class medicines, while being committed to serve humanity, honouring social and environmental responsibilities.”

We envision to become the most admired pharmaceutical company in India for high quality and cost effective product range, clean and ethical business and marketing practices. We believe in maintaining the highest level of integrity, transparency and ethics. We embrace community values and culture and focus on delivering world class solutions.
